FBI has announced they'll stop accepting all emailed requests in a month, will force the use of their #FOIA portal, fax or snail mail only.

Please be advised, beginning Wednesday, March 1, 2017, you will no longer be able to submit FOIPA requests via email. On this date, FOIPARquest@ic.fbi.gov<mailto:FOIPARquest@ic.fbi.gov> will permanently be taken offline and requests will need to be submitted using the FBI's electronic FOIPA portal at <http://efoia.fbi.gov>. Alternatively, you may submit your request using fax or standard mail.

Thank you,

The FBI eFOIA system will be fully implemented on March 1, 2017, after development and testing for two years. With this full implementation, eFOIA will provide the FBI with an automated process for the receipt and opening of requests, replacing the current manual process and substantially reducing the time it takes to receive and open each electronic request received. Given the FBI's high volume of requests, this will significantly increase efficiency.

b5

The terms of service for the site will be modified to allow the uploading of attachments, an unlimited number of requests, no limitation on the number of requests which may be submitted by an individual, and availability seven days a week-24 hours a day.

The eFOIA system will allow requests of all types – e.g.; Privacy Act, deceased individuals, policies/procedures, events, organizations, etc. Requesters will:

- Receive digital confirmation directly on their email account.
- No longer have to wait for responses to be received using standard mail.
- View transmitted responses and releases from the convenience of their smart phone or tablet.

The FBI's eFOIA portal was designed and developed to be the FBI's primary means for receiving FOIA and Privacy Act requests.

Thank you!
